

## How MEDITECH and Google Cloud support your organization

MEDITECH solutions and Google Cloud provide **healthcare organizations of all sizes and budgets** the opportunity to **increase the power and usability** of their Expense EHR through a **cost-effective subscription** payment model.

### What HCOs need

- ▶ Cost-effective, scalable, and secure healthcare solutions
- ▶ Touchless clinical interactions
- ▶ Worry-free cybersecurity measures

#### Security

Safe access to information for patients and providers

#### Universal Access

Full control over user credentials and permissions

#### Agility

Click-and-go integration reduces time lost to installations and upgrades

#### Flexibility

Cloud solutions that fit your organization's unique needs

#### Affordability

Single contract, subscription payment model

#### Availability

Uninterrupted, seamless access to current and past patient data

Give your clinicians and patients a better, more mobile healthcare experience while ensuring your organization's long-term sustainability with MEDITECH's Expense EHR and Google Cloud.

Contact your MEDITECH sales rep and ask about our solutions powered by Google Cloud.
