### MEDITECH Facilitator

Project Manager, Physician Systems

### Prerequisite

Attended or viewed the following sessions as appropriate:

- Clinician Roles & Governance in EHR Implementations
- Communication Strategies for Clinician Leaders in EHR Implementations
- Aligning Goals in EHR Implementations
- Organizing Physician Advisory & Workgroup Meetings in EHR Implementations
- Strategies for Implementing Effective Clinical Decision Support in Expanse

### Synopsis

This session will offer you an opportunity to engage with MEDITECH physician advisors and ask questions specific to a patient care setting. Clinicians will also have an opportunity to follow up on any of the topics covered within the CLPP virtual classroom or Executive Webinar series. Each monthly session will be tailored to a specific setting of care - Acute, Ambulatory, or Emergency Care. Questions should be specific to governance, physician roles, communication strategies, aligning goals, physician advisory, workgroup meetings, and care setting.

### Recommended Enrollment

Customers implementing or updating to the Expanse platform and have attended or viewed the prerequisite sessions or videos.
