

MEDITECH

The
EHR
for **NEW** healthcare

Meet the New MEDITECH

If you haven't looked at us lately, you may be interested to know about our thriving Electronic Health Record. With an EHR, your patients' records follow them electronically. From the General Practitioner's office, to the hospital, and to any other place where your patients receive care.

We are advancing a fully integrated and patient-centered future

NHS Trusts and private hospitals across the United Kingdom are improving patient safety and delivering high quality patient-centered care with MEDITECH. MEDITECH offers organisations a complete suite of integrated electronic hospital solutions including, but not limited to, a fully anglicised Electronic Patient Record (EPR) and Patient Administration System (PAS). Healthcare organisations are successfully reducing wait times with Choose and Book integration and MEDITECH's 18 Week Referral to Treatment Pathway Tracking system. MEDITECH is compliant with NHS Regulatory requirements, providing our customers with the tools necessary to successfully submit Commissioning Data Sets.

Our community is 2,300 customers strong

We have an exceptionally engaged worldwide community of healthcare providers using our software across the continuum of care. Whether they are networking at one of our many complimentary customer workshops, or simply talking amongst each other, our customers love sharing the results of teaming with **MEDITECH: The EHR for New Healthcare**.

Another successful year

Our total software revenue rose 18.8% in 2011.

We added 300 new staff members in 2011 for a total of 3,742. MEDITECH continues to grow in 2012!

- We are the market share leader in the U.S. (27%) and Canada (41%).
- We have a worldwide presence with customers in 33 countries.
- We have over 35 customers in the United Kingdom and Ireland.
